Neuer Blick auf das „Alte Testament“

Das erneuerte Verhältnis von Christen und Juden hatte auch ein neues Verständnis des „Alten Testaments“, der Hebräischen Bibel oder des Tanach, als heilige Schrift des Volkes Israel zur Folge. Was lag also näher, als bei der Beschäftigung mit alttestamentlichen Texten auch oder sogar zunächst einmal danach zu fragen, wie diese innerhalb des Judentums verstanden wurden und werden.

Bekannte jüdische, mittlerweile allesamt verstorbene Gelehrte wie Schalom Ben-Chorin und Pinchas Lapide, um nur die populärsten zu nennen, aber auch Rabbiner Roland Gradwohl u.a. legten erste Spuren mit ihren Verweisungen auf die rabbinische Literatur, sowohl den Talmud als auch Midraschim und mittelalterliche Kommentatoren. Plötzlich begann auch das umfassende Werk von Paul Billerbeck wieder neue Bedeutung als Hilfe zu gewinnen. Allerdings verrät bereits der Titel dieses Werkes, „Kommentar zum Neuen Testament aus Talmud und Midrasch“¹ eine andere Zugangsweise: nicht die Frage nach dem jüdischen Verständnis alttestamentlicher Texte bestimmte die Suchrichtung, sondern die Frage nach gedanklichen und inhaltlichen Parallelen zwischen dem Neuen Testament und jüdischer Tradition. Hinzu kommt, dass Billerbeck bei all seiner reichen Kenntnis des Judentums noch von dem typisch kirchlichen Antijudaismus bestimmt war, dem bei aller Anerkennung der Zusammenhänge von Christentum und Judentum doch an der Hervorhebung der Unterschiede und dem Aufweis der Überlegenheit des Christentums über das Judentum gelegen war. Dennoch stellt Billerbecks Kommentar eine wertvolle Hilfe bei eigenem Recherchieren dar.

Was fehlte, war allerdings eine deutschsprachige Bibelstellenkonkordanz zum Babylonischen Talmud als dem Hauptwerk jüdischer Lehre in den ersten fünf Jahrhunderten unserer Zeitrechnung. Diesem Mangel will die vorliegende Zusammenstellung abhelfen, so dass alle, die bei ihrer Arbeit mit Texten des Alten Testaments auf das rabbinische Verständnis zurückgreifen möchten, damit ohne große Schwierigkeiten einen Zugang finden können.

Dabei muss allerdings bewusst bleiben, dass der Talmud keine systematische, zusammenhängende Schriftauslegung bietet wie die Midraschim. Vielmehr werden zu den verschiedensten Fragen religiösen Rechts und praktischer Ausführung rabbinische Lehrmeinungen und Diskussionen wiedergegeben. In diesem Zusammenhang erhebt sich fast von selbst die Frage nach deren jeweiliger Begründung und Verankerung.

Von den Garanten der Rabbinen

Der Babylonische Talmud wurde über mehrere Jahrhunderte gesammelt. Er stellt

1. Strack-BILLERBECK, *Kommentar zum Neuen Testament aus Talmud und Midrasch*, 3. Aufl., Verlag C.H. Beck, München 1961

einerseits ein Kompendium der Lehrdiskussionen über die Jahrhunderte hinweg dar, andererseits bietet er auch tiefe Einblicke in die rabbinischen Methoden der Schriftauslegung sowie die Entstehung und Überlieferung einzelner Auffassungen und Lehrtraditionen in talmudischer Zeit.

Oft heißt es von einem Rabbi תנא (*tana*), er lehrte. Damit kommt zum Ausdruck, dass dieser Gelehrte als vielleicht erster Vertreter der betreffenden Lehrmeinung gilt. Bei anderen heißt es אמר (*amar*). Oft wird in diesem Zusammenhang angegeben, auf welchen anderen Lehrer er sich dabei bezieht z. B. אמר משום (*amar mischom*). Auf diese Weise lassen sich ganze Stränge von Traditionen feststellen. Als „Schulen“ bezeichnet man im allgemeinen nur die Richtungen, die sich auf Hillel bzw. Schammai beziehen.

Einzelne Traditionsstränge hat Joachim Jeremias zusammen mit Kurt Adolph im Blick auf jene Rabbinen zusammengestellt, die in Paul Billerbeck's großem Kommentarwerk „Kommentar zum Neuen Testament aus Talmud und Midrasch“ zitiert werden. Auf diese Weise lassen sich bestimmte Richtungen erkennen und verfolgen. Eine solche Rückbeziehung stellt keine Rückversicherung des jeweiligen Gelehrten dar, wohl aber den Hinweis auf eine Lehr- und Traditionsgemeinschaft, der er sich verbunden oder gar verpflichtet fühlt.

In diesen Diskussionen wird häufig auch die Frage nach der Legitimation einer Meinung bzw. Lehraussage gestellt. Dabei wird nicht auf einen anderen Rabbi, sondern auf die Schrift verwiesen. Zum Aufweis solcher Beziehungen dient eine Reihe unterschiedlicher Methoden, die aber im Einzelfall nicht näher ausgeführt, sondern vorausgesetzt werden.

Die ganze Bibel durchgekämmt

Bei der Erstellung dieser Bezugnahmen auf biblische Texte, die Lazarus Goldschmidt² in seinem zwölfbändigen Werk nachweist, gewinnt man den Eindruck, jene Rabbinen haben die ganze Bibel durchgekämmt. Kein biblisches Buch bleibt ausgespart, wenn auch verständlicherweise die Tora am häufigsten zitiert wird. Erstaunlich oft greift man allerdings auch auf weisheitliche Texte zurück, z.B. die Sprüche Salomos. Dies kann das anschließende Bibelstellenregister neben seinem eigentlichen Zweck, dem Auffinden rabbinischer Aussagen zu einzelnen biblischen Texten, deutlich machen.

Weitere grundsätzliche Bemerkungen zum Umgang der Rabbinen mit der Schrift und zu den Zitierweisen in diesem Register finden sich an dessen Ende.

Karlsruhe, September 2012

Segmentierung einzelner Bibelstellen

Da die Bezugnahme auf Bibelstellen in der talmudischen Tradition oft den Zweck verfolgt, die Meinung eines einzelnen Rabbiners bzw. einer Schule zu begründen, nicht einen Text in seinem ursprünglichen Sinnzusammenhang auszulegen, ist eine unausweichliche Folge die Segmentierung einzelner Bibelstellen, die oft nur aufgrund von Stichworten, nicht aber aufgrund des textuellen logischen Zusammenhangs angeführt werden. So dient z.B. Gen 24,17 in Schab 77a zur Klärung einer orthografischen Frage;⁸ der Inhalt dieser Stelle spielt dabei keine Rolle. Selbst dort, wo einige Verse des 118. Psalms nacheinander zitiert werden (Pes 119a), liegt keine fortlaufende Auslegung des Sinnzusammenhangs vor, sondern eine Aufteilung der einzelnen Aussagen auf verschiedene Personen. Allerdings ist in Baba Batra 15a – 16b ein richtiggehender Midrasch über das Hiobbuch, durchsetzt mit anderen Schriftstellen, enthalten.

Teilweise werden Verse symbolisch auf andere Sachverhalte übertragen, so dient z.B. Gen 1,10 („Und Gott nannte das Trockene Erde, und die Sammlung der Wasser nannte er Meer.“) in Miqwaot V,5 als Beleg für das rituelle Tauchbad, die Miqwe, weil im hebräischen Text das Wort „Miqwe“ (מִקְוֵה) vorkommt. Jer 27,22 wird in Schab 41 a zitiert, um zu erklären, warum ein Ausweichen R. Zeras vor R. Jehuda kritisiert wurde, in Schab 49a wird mit Ps 68,14 begründet, warum Taubenfedern als etwas Besonderes gelten. Schab 49b führt eine Reihe unterschiedlicher Schriftworte zur Begründung der 40 Hauptarbeiten an, die am Schabbat verboten sind. Dies sind nur einige Beispiele.

Andererseits gibt es z.T. auch längere Passagen ohne biblische Belege, z.B. Ber 59b, 60b, 62a/b; Schab 3a bis 9 usw. auch in Jom Tov und Gittin findet sich über weite Passagen keine biblische Begründung, auch über weite Strecken in 'Erubin, Bava Qama, Bava Me'ia und in vielen Mischnajot, ebenso in Zebachin. Hier handelt es sich offensichtlich um Tradition, die sich im Lauf der Zeit aus den fundamentalen Grundsätzen entwickelt hat und daher keiner besonderen Begründung bedurfte. Schab XXI bietet unterschiedliche Auffassungen über am Schabbat erlaubte bzw. nicht erlaubte Tätigkeiten dar. Aber sowohl die Mischna als auch die Gemara verzichten auf biblische Begründungen dafür. Daneben stehen Abschnitte mit sehr vielen biblischen Bezugnahmen; z.T. werden diese auch ohne ausdrückliche Zitationsformel hergestellt.

Wie häufig aus den Sprüchen Salomos zitiert wird wurde bereits gesagt. So erhebt sich die Frage, ist dies ein Zeichen der weisheitlichen Verankerung rabbinischer Lehre?

Dass Dtn 6,4 und 8,8 in sehr verschiedenen Traktaten zitiert werden, ist nicht verwunderlich, handelt es sich doch um grundlegende Texte. Dass aber Spr 14,28, „Wenn ein König viel Volk hat, das ist seine Herrlichkeit; wenn aber wenig Volk da ist, das bringt einen Fürsten ins Verderben“, insgesamt neunmal in acht verschiedenen Traktaten angeführt wird, überrascht allerdings schon eher.

Das Buch Esther wird im Traktat Megilla besonders häufig zitiert. Dies legt sich nicht unbedingt nahe, selbst wenn man bedenkt, dass dieses Buch als die Megilla schlechthin gilt; der Traktat stellt dagegen viele Bezüge zu Schrift und Schriftlesung her, die nichts mit der Estererzählung zu tun haben.

8. „Heißt es *Gemiá* oder *Gemiá?*“, (הַגְּמִיָּאִי, גִּי)

Überraschendes

Sobald man sich einen neuen Traktat vornimmt und denkt, man habe bisher bereits alle grundsätzlich relevanten Bibelstellen erfasst, stößt man plötzlich auf eine ganze Reihe neuer Textstellen, die bisher noch nicht im Blick waren. Daneben gibt es auch Paradestellen, die überraschender Weise immer wieder zitiert werden, z.B. Dtn 25,5: „Wenn Brüder beieinander wohnen und einer stirbt ohne Söhne, so soll seine Witwe nicht die Frau eines Mannes aus einer andern Sippe werden, sondern ihr Schwager soll zu ihr gehen und sie zur Frau nehmen und mit ihr die Schwagerehe schließen.“ Dieser Vers spielt beispielsweise eine Rolle, wenn es darum geht, dass ein einziges Kind bei einem Unfall ums Leben kommt. Weniger erstaunlich ist die Bezugnahme auf diesen Vers bei der Frage, wer im Sinne dieser Tora als „Schwager“ zu gelten hat, eine Diskussion, die an den hypothetisch konstruierten Fall von Mk 12,18 ff. erinnert. Ebenso wird dieser Vers bei der Frage, wie das „beieinander wohnen“ genau zu verstehen ist, diskutiert. Bemerkenswert ist darüber hinaus die Tatsache, dass er besonders häufig, nämlich fünfundzwanzig mal, im Traktat Jebamot zitiert wird. Auch wenn man bedenkt, dass es in diesem Traktat um die Schwagerehe geht, ist dies auffallend.

Ebenso erstaunlich ist die Bandbreite der Bezugnahme auf Lev 23,40 nach der Verseinerung des Tanach. Sie reicht von der Traumdeutung über die Frage, was den Sabbat verdrängt, bis zur Frage, unter welchen Bedingungen der Feststrauß des Laubhüttenfestes den Vorschriften entspricht. Ex 12,4 spielt eine Rolle beim Bezahlsmodus, wenn der Pessachvorabend auf einen Sabbat fällt, aber auch zur Klärung einer skurrilen hypothetischen Situation, die in Gittin 29 erörtert wird. Diese und andere Beispiele verraten oft ebenso viel geistreichen Humor und witzige Schlagfertigkeit wie scharfsinnige Problemerkennung und Bewältigung.

Mindestens einmal wird sogar ein angeblicher Bibelvers zitiert, der nicht im masoretischen Text enthalten ist. Goldschmidt merkt zu dem Zitat, „Auch bei Elqana heißt es ja: *und Elqana ging hinter seiner Frau*“, an: „Ein solcher Vers befindet sich, wie schon Tos. bemerkt, in der Bibel nicht.“⁹ Am ehesten wäre dieser Satz in 1.Sam 1,19 denkbar; aber er findet sich auch in der LXX nicht. Auch solche Überraschungen gibt es.

Eine weitere Auffälligkeit ist bemerkenswert: Im Traktat Rosh Hashana gibt es besonders viele Bezüge zum Doppelwerk Esr/Neh! Erlaubt dies den Schluss, dass die Rabbinen um das späte Entstehen dieses Festes wussten oder automatisch mangels anderer Belege auf diese Texte zurückgreifen mussten?

Die Bibel als geistig-geistlicher Lebensraum der Rabbinen

Frank Crüsemann hat mit seinem 2011 erschienenen Buch „Das Alte Testament als Wahrheitsraum des Neuen“ einen neuen Begriff in die exegetische Diskussion eingeführt, der die alte Verhältnisbestimmung „Verheißung – Erfüllung“ überwindet. Soweit es sich um normative Texte handelt, wäre dieses Schema ohnehin eine unangebrachte Sichtweise. Aber auch „Anordnung – Ausführung“ bzw. „Ausführungsbestimmung“ trifft den Sachverhalt nicht präzise; es geht vielmehr auch hier um einen Wahrheits- und Lebensraum, in dem sich die Gelehrten bewegen und aus dem heraus sie

9. Goldschmidt I, S. 275, Anm. 289 zu Ber 61a

argumentieren. Dies unterscheidet den Talmud sowohl von modernen juristischen als auch theologischen Kommentaren

Da im Talmud keine systematische Darstellung der behandelten Themen vorliegt, muss die leitende Fragestellung jeweils lauten: Welche Bibelstellen werden verwendet, und zwar: Wie werden sie verstanden? In welchen Zusammenhängen werden sie verwendet? Von welchen Autoritäten werden sie (womöglich in unterschiedlichen Zusammenhängen oder mit unterschiedlichem Verständnis!) zitiert? In welcher Art wird auf sie Bezug genommen: begründend oder assoziativ belegend, theologisch oder ethisch?

Viele Traktate enden mit einem Bibelvers:

Berachot = Ps 119,65; 122,7; 29,11; Pea = Ex 23,8; Sukka = Jes 3,10; Ta'anith = Jes 25,9; Megilla 32a (fast) = Ex 20,25; Moed Qatan 29a = Ps 84,8; Chagiga 27b = HL 4,3; Jebamot 122b = Jes 54,13; Ketubim 112b = Joel 2,22; Nedarim 91b = Prov 9,17; Nasir 66b = Jes 54,13; Gittin 90b = Mal 2,13f.; Qidduschin 82b = Jes 40,31; Sanhedrin 113b = Gen 5,29; [Makkot] 24b = [Sach 8,4]; (Pirqe) Avot VI,13 = Jes 42,21; Zebachim 120b = Lev 7,11; [Menachot] 110a = [Lev 1,5]; Chullin 142a = Dtn 5,16; [Arachin] = [Lev 25,34]; Temura = [Lev 6,3]; Kerethot = Jes 54,13; [Tamid] = [Ps 92,1]; Qinnim = Hiob 12,12; Nidda = Hab 3,6; Jadajim = Ex 9,27; 'Uqcin = Ps 29,11. Dieser Vers ist zugleich der Abschluss des gesamten Talmud:

*Der HERR wird seinem Volk Kraft geben;
der HERR wird sein Volk segnen mit Frieden.*

Alle übrigen Traktate haben keinen biblischen Abschluss.

Vollständigkeit

In dem vorliegenden Verzeichnis sind nicht nur alle im Talmud ausdrücklich zitierten und bei Goldschmidt entsprechend ausgewiesenen Bibelstellen aufgeführt, sondern auch viele Texte, auf die bei Goldschmidt lediglich hingewiesen wird. Dies schließt jedoch nicht aus, dass darüber hinaus auch andere biblische Assoziationen möglich sind. Außerdem wird durch in Klammern gesetzte Hinweise wie (mf!) darauf verwiesen, dass dieser Vers oder Teile desselben auf der gleichen oder einer der folgenden Seiten mehrfach angeführt ist.

Druckfehler

Das Register ist um größtmögliche Genauigkeit bemüht; dennoch sind Druckfehler nicht auszuschließen. Bei einem derart umfangreichen Zahlenwerk unterlaufen sowohl falsche Zuordnungen, wie auch Tippfehler sehr leicht, sind aber schwer zu erkennen. Teilweise können solche Fehler allerdings bereits auf Goldschmidts Talmud-Ausgabe zurückgehen. Fehler, die bei der Erstellung dieses Registers in die Augen sprangen (z.B. Ziffernvertauschung, falsche Abtrennungen zwischen Kapitel- und Verszahlen sowie eindeutig falsche Kapitelangaben – wenn etwa Ex 43, Lev 33 oder HL 14 als Fundort angegeben wird), wurden von mir in z.T. mühsamer und zeitraubender Recherchearbeit korrigiert. Weniger auffällige können durchaus erhalten geblieben sein; eine systematische Fehlersuche konnte ich nicht unternehmen. Weniger in die Augen Springendes wurde daher erst gar nicht entdeckt. Auch ähnliche eigene Fehler sind nicht ausgeschlossen; sie unterlaufen schneller, als man denkt. Sollten solche beim Gebrauch der Liste gefunden werden, bin ich für entsprechende Rückmeldungen dankbar.
